## Reinsurance Action Requests

We would like to ask for your cooperation related to faxing Reinsurance Action Requests to the AHCCCS Reinsurance Unit. When receiving faxes the quality of the attachments, size of print and clearness at times makes them impossible to read. Should you be running up against timely filing issues and need to send a large Reinsurance Action Request via facsimile, please contact the Reinsurance Unit in advance to insure the fax is available and ready to receive incoming faxes (phone numbers listed below). We would ask that you consider the emergency of the Reinsurance Actions Requests, please consider faxing only those requests related to timely filing issues. For all other requests, our mailing address is listed below for your convenience.
